

ABOUT | WORK

nav bar is simple as only two other sections to visit - click on one or other and takes you to that section as the section title enlarges and the other title shrinks - starts off small on homepage

COMPANY NAME

company name appears once the dolphin animation has done its thing

CONTACT

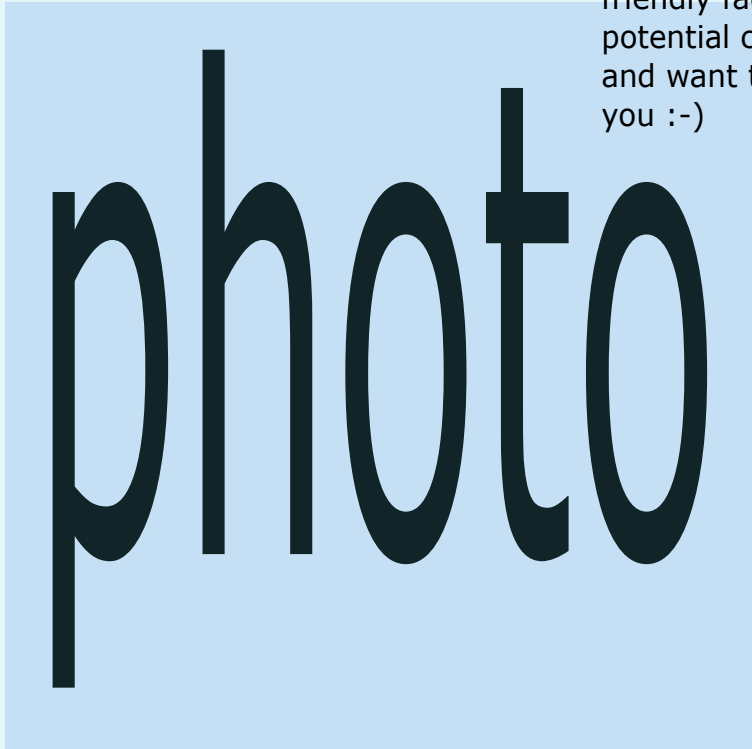

more social media icons for clients to get in touch easily e.g. Skype, LinkedIn, email, phone number (s) This side bar remains the same as you scroll down the page, discreet in size and colour but ever-present to symbolize availability for clients

fold

ABOUT | WORK

hover over the image and it transforms into more text about the person behind the company e.g. fun and friendly facts to make potential clients by into you and want to work with you :-)

paragraph about Freedolph and Christy, some background info, motivation, mission statement etc...Not loads of content, fairly brief and to the point, professional and approachable

this paragraph provides overview of skills and specialisms, could be bullet points. Again, brief and to the point

CONTACT

more social media icons for clients to get in touch easily e.g. Skype, LinkedIn, email, phone number (s) This side bar remains the same as you scroll down the page, discreet in size and colour but ever-present to symbolize availability for clients

ABOUT | WORK

Examples of client work take up the whole background of this WORK section - arrows left and right allow to scroll to next piece of work. The Title and description boxes allow to find out more about the project - the font colour and style adapts to the work. Hover over title shows site url.

paragraph describing work
